Arenduskoda – LAG Development Centre

About us

Arenduskoda LAG
is situated in Northern
Estonia, joining
together the territories
of Tapa, Kadrina,
Vihula and Kuusalu
counties and Loksa
town as Leader area.
We have 23 400
inhabitants.

Area Description

- There are two naturally beautiful areas in Arenduskoda region – Lahemaa National Park by the Baltic Sea, and Kõrvemaa among forests and swamps. Both have a distinct natural environment where one can go in for nature tourism. There are several interesting old manors situated in the area.
- In Tapa lies the central polygon of Estonian Defence Forces – an important employer and client for service industry.
- 95% of companies in the area are micro enterprises.
