

Klamilan Seutu Ry

(Association of Klamila Region)

Klamilan Seutu is a village association of Klamila and surrounding villages, located on the coast of Gulf of Finland.

Klamilan Seutu is a non-profit organization.

Our purpose is to promote tourism, to foster the well-being of the area, to develop the sense of village community and to support local businesses.

Klamilan Seutu runs a central hub of the village, called *Village Parlor Ronkuli*.

In *Ronkuli*, local artisans and manufacturers can sell their crafts, foodstuffs and other products in a centralized location.

Ronkuli is also a pharmacy outlet, a tourist information center, and a free internet cafe.

Klamilan Seutu supports local businesses by organizing a weekly summer market, and an annual fish market in the autumn.

We have arranged construction projects to improve the village cosiness, and we run the official village website, www.klamila.fi.
