Sem les, veje in ostanki rastlin. Ko gorim, dajem toploto.	Lovijo me modre plošče na strehah. Vsakdo me ima rad.
Uporabljam moč majhnih delcev (atomov). V Sloveniji me najdeš v Krškem.	Kopljejo me globoko v rudnikih. Ko gorim, močno onesnažujem
Pravijo mi črno zlato.	Poganjam velike bele zadeve. Najraje imam vrhove hribov.
